

USB Distribution Solutions

Whether you need to extend USB signals across long distances, connect multiple devices to a single host, or distribute USB video* seamlessly in high-demand environments, we have a solution for you. Our USB extenders, hubs, and splitters offer fast, secure data transfer and power delivery, ensuring optimal performance across a wide range of applications.

USB 3.2 Gen 1 Extenders – up to 5Gbps of data pass-through

Point to point kit

UEX3C-KIT

100m/328ft extension of USB-C/A to a USB-C Host device over CAT6A*

Fully interoperable end points including wall plates

UEX3H-WP-EU / UEX3H

100m/328ft extension of USB-C/A to a USB-C Host device over CAT6A*

UEX3D-WP-EU / UEX3D

100m/328ft extension of USB-C/A to a USB-C Host device over CAT6A*

*USB 3.2 data transfer only, does not support DP Alt Mode video pass-through

USB 2.0 Extenders – full 480Mbps extension

UEX50B-KIT

Fully interoperable Host and Device Extend USB 2.0 data to 50m/164ft

UEX100E-KIT

Extend USB 2.0 with 100Mbps LAN, audio, IR and RS-232 to 100m/328ft to 50m/164ft

HDMI Extension with USB – up to 350Mbps USB with 4K video

HEX70USB-KIT

4K HDMI video with 280Mbps or USB 2.0 to 40m/131ft with IR, RS-232 and audio breakout

HEX18GARC-KIT

18Gbps HDMI with USB 2.0 to 100m/328ft. USB Host on TX or RX. IR, RS-232, ARC/eARC and 1Gb LAN.

Video over IP – up to 350Mbps USB with 4K video

IP500UHD Series

4K 18Gbps Video over IP USB 1.1 data pass-through

IP300UHD Series

4K 18Gbps Video over IP USB 2.0 data pass-through

IP200UHD Series

4K Video over IP USB 2.0 data pass-through

IP50 Series

1080P Video over IP USB 2.0 data pass-through

USB 3.2 Switchers – up to 10Gbps of data pass-through

MX44KVM

Switch up to 4x USB 3.2 Gen 1 (5Gbps) Device units between 4x Hosts independently

SW12USB

Auto-switch 4x USB Devices between 2x USB-C Hosts

USB 3.2 Cables – up to 10Gbps of data pass-through

USB3Cm 1/2/3

10Gbps USB-C cable supporting 4K 60Hz 4:4:4 video – 1m, 2m & 3m

USB3AMF

10Gbps USB-C AOC cable supporting 4K 60Hz 4:4:4 video – 10m

USB3C10

10Gbps USB-A (male to female) AOC cable – 10m & 15m

*USB 3.2 data transfer only, does not support DP Alt Mode video pass-through
